1873

Fmr. Woodlawn School, 2930 Euclid

These buildings are in danger of demolition or neglect. Each one is a representative of other structures around the City facing a similar fate. The final list was determined by the Des Moines Rehabbers Club after a public nomination process.

The Des Moines Rehabbers Club is a group of people of all skill levels with a common interest in preservation, rehabilitation and maintenance of Des Moines' buildings. Free monthly meetings take place on the first Saturday of each month.
